1ST OCT 2022 - 2ND OCT 2022

### PROFILE

Full Stack Web Developer with a strong background in building and optimizing web applications. Adept at using modern web technologies such as ReactJS, Node.js, MongoDB, and TypeScript. Experienced in integrating AI tools into market research processes and proficient in prompt engineering.

### WORK EXPERIENCE

#### Research Intern

##### Coral Research Services

- Conducted in-depth market research and analysis, contributing to strategic insights and decision-making processes.
- Integrated AI tools to enhance research methodologies, improving the efficiency and accuracy of data collection and analysis.
- Identified and implemented AI tools designed to optimize market research processes, staying at the forefront of industry trends.
- Developed skills in prompt engineering at an intermediate level, utilizing AI models to generate high-quality outputs for various research scenarios.
- Led the redesign of the company's website, focusing on improving user experience and interface design to enhance accessibility and engagement.

### PROJECTS

#### COURSE SITE

2022

- Built a website named COURSE SITE using MongoDB, Express, ReactJS, and Node.js
- Throughout the project, I gained expertise in connecting the server to the client, managing authentication and authorization, and implementing CRUD operations for seamless data handling.
- The entire project was developed from scratch, incorporating industry conventions and best practices for efficient coding.
- Additionally, I ensured that the website is mobile-responsive, allowing users to access it easily on various devices.

#### TODO-APP

2023

- This is a Todo application built with ReactJS and TailwindCSS.
- Easily add, update, check, uncheck, and delete todos.
- Your todos persist even after you close your browser, ensuring you never lose your tasks.
- Benefit from the power of React hooks like useState, useEffect, and useContext for efficient state management.
- Designed to be used by anyone, making task management accessible to all.
